

Paintbar LLC Donation Request Policy & Guidelines

Thank you for considering PAINTBAR in your fundraising needs. We know there are so many good and worthy causes and organizations in our community. PAINTBAR is frequently asked for donations and we do our best to facilitate these requests. We have set policies and guidelines for submitting these requests, and do our best to accommodate as many as possible. These policies are outlined below:

Each donation request must be submitted in writing either by post or by email and accompanied by an official donation request form from your organization. All requests must be received at least 4 weeks in advance, without exception.

Please note that PAINTBAR is committed to serving our community through a variety of outlets and endeavors, however we must be able to budget for these donations and choose those that best fit our company's values and make the best business sense. We are a small organization and although we believe all of these causes to be worthy, we cannot possibly accommodate every request. Know that each donation letter is carefully considered, and that if we are unable to facilitate your request we will try to do so in the future.

Where to submit your request:

In Writing
